2.1) Please comment on specific characteristics of the teaching assistant that were most beneficial to you:

- During class he would go over the worksheets with everyone and he was lenient if you couldn't make it to class or were late.
- He was very understanding
- His ability to answer my questions
- If I have a question, he answers with an extremely thorough explanation.
- Very helpful during discussion

2.2) Please comment on the specific characteristics of the teaching assistant that need improvement:

- He mostly just did the problems for us and taught it on the board, instead of the students trying to figure it out. He didn't have the students work in groups, he gave us time to do the questions then he would go over the questions. This didn't really help learn the material at all, but it was beneficial to see the right answer and how to actually do the problem.
