FINAL ANNOUNCEMENT

Nineteenth Midwest Partial Differential Equations Seminar

The 19th Midwest P.D.E. Seminar will be held on Saturday and Sunday, April 19 and 20, 1986 in the lounge of Van Vleck Hall, University of Wisconsin-Madison.

PROGRAM

Saturday, April 19

9:30  Coffee
10:00 - 11:00  Patricia Bauman, Purdue University  
The Perturbed Riemann Problem for a Conservation Law in Several Space Dimensions
11:15 - 12:15  Richard Schoen, University of California, San Diego  
Singular Weak Solutions of Scalar Equations with Geometric Significance
12:15 - 2:00  LUNCH BREAK
2:00 - 3:00  David Kinderlehrer, University of Minnesota  
Measure Valued Solutions of Variational Problems for Crystals
3:15 - 4:15  Jalal Shatah, Courant Institute - NYU  
Singularities in Nonlinear Wave Equations
4:30 - 5:30  Antonio Ambrosetti, University of Venice  
Periodic Solutions of Hamiltonian Systems

Sunday, April 20

9:00 - 10:00  Björn Dahlberg, Chalmers University of Technology  
The Initial-Value Problem for Equations of the Porous Medium Type
10:00 - 10:30  Coffee Break
10:30 - 11:50  Peter Constantin, University of Chicago  
Asymptotic Properties of Evolution Equations
11:45 - 12:45  Blake Temple, University of Wisconsin-Madison  
Stability and Decay in Systems of Conservation Laws

Rooms have been set aside (until March 18) at two locations, each a 10 minute walk from Van Vleck Hall. Participants should make their own reservations mentioning the Midwest PDE Conference and asking for the University rate.

University Inn  Howard Johnson Executive Hotel
441 North Frances Street  525 West Johnson Street
Madison, Wisconsin 53703  Madison, Wisconsin 53703
