RESEARCH INTERESTS

Model Theory: strong minimality in continuous logic, characterizations of uncountable categoricity in continuous logic.

EDUCATION

University of Illinois at Chicago

Ph.D. Candidate, Mathematics

- Advisor: Dr. David Marker

University of California, Los Angeles

M.A. in Mathematics, December 2009

Carnegie Mellon University

B.S. in Mathematical Sciences, May 2008

- Additional Major in Logic and Computation
- Senior Thesis: Model Theory of Real Closed Fields
- Advisor: Dr. James Cummings

TALKS

Logic Seminar, University of Illinois at Chicago

Strong Minimality and Uncountable Categoricity in Continuous Logic,
(will present) November 2016

Model Theory Month in Münster Conference, Münster, Germany

Strong Minimality in Continuous Logic, May 2016

Graduate Student Logic Conference

Dp-Rank in Randomizations, April 2015, University of Illinois at Chicago

Rational Points of a Definable Set, April 2013, University of Illinois at Urbana-Champaign

Model Theory Seminar, University of Illinois at Chicago

Extensions of Operators by Ultrapowers, March 2016

On dp-Minimal Fields, September 2015

Hyperimaginary Forking, October 2013

NIP Theories: Mutually Indiscernible Sequences and dp-Rank, November 2012

TEACHING
EXPERIENCE

Lecturer, Fall 2015–Present

Instructor for Discrete Structures course at Loyola University Chicago. Conducted a hybrid course with online lectures in Spring 2016.

Instructor, Summer 2012, Summer 2013, Summer 2016

Instructor for Beginning and Intermediate Algebra in the Summer Enrichment Workshop program for incoming freshmen at University of Illinois at Chicago.

Teaching Assistant Coordinator, Fall 2015

Acted as the teaching assistant coordinator for incoming graduate students at University of Illinois at Chicago

Lecturer, Summer 2015

Instructor for Math 210, Calculus III, for undergraduate students at University of Illinois at Chicago.

Instructor Fall 2014–Spring 2015

Instructor for the Emerging Scholars Program, sections of Calculus II & III at University of Illinois at Chicago

Teaching Assistant, Fall 2006–Summer 2014

Teaching Assistant for the following undergraduate mathematics courses:

University of Illinois at Chicago, Fall 2011– Summer 2014

Calculus I & II

University of California, Los Angeles, Fall 2008–Spring 2011

Precalculus, Calculus I & II, Multivariable Calculus I & II, Calculus for Life Sciences, Differential Equations, Discrete Structures, Abstract Algebra, Mathematical Logic, Game Theory

Carnegie Mellon University, Fall 2006–Spring 2008

Calculus I, Concepts of Mathematics

ACTIVITIES

Association for Women in Mathematics, Fall 2011 – Present

Active member of the UIC Student Chapter of the AWM, presented at the following events:

AWM Undergraduate Math Day, March 2016

Sonia Kovalevsky Day on Maths and Magic, November 2015

AWM Website Workshop, October 2013

Math and Snacks, March 2015

Gave a talk and demonstration about combinatorics, counting, and card tricks to undergraduate math students.

Louise Hay Logic Seminar Co-Organizer, Fall 2012–Fall 2014

Helped arrange speakers for the graduate student logic seminar at UIC.

Maintained the website.

Private Mathematics Tutor, September 2008–Present

Working as a private tutor for junior high school, high school, undergraduate, and graduate students who are taking mathematics courses.
