

Undergraduate Mathematics Symposium

Saturday, November 13, 2021

An **online meeting** organized by the University of Illinois at Chicago

Featuring plenary lectures by

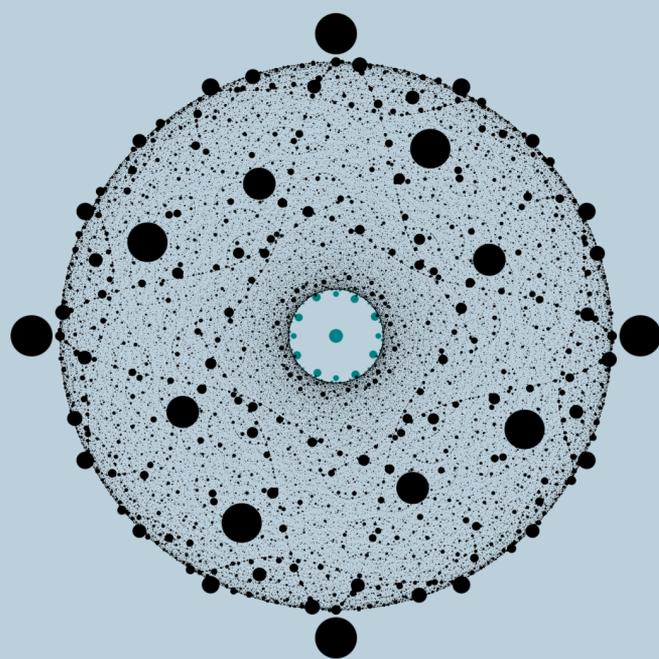

Tanya Berger-Wolf (OSU)

John Voight (Dartmouth)

Poster session

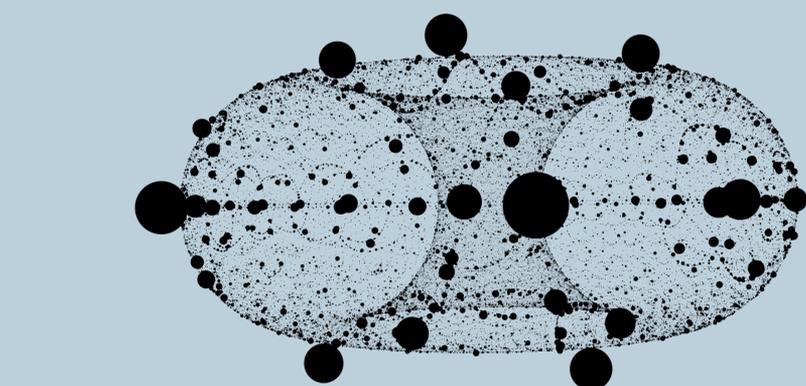

Undergraduates are invited to submit a poster presenting results of a supervised mathematical research project, such as an REU or independent study course.

Apply by **November 1** for full consideration.

Everyone is welcome

Online registration to attend the symposium is simple and free.

The symposium is supported in part by grants from the National Science Foundation.

Organizing committee: Kevin Tucker, Christof Sparber, Julius Ross, and David Dumas
